One week intensive English language courses in your school

About Us:

English in Action is a UK-based organisation delivering 1 week intensive immersion courses to students of all ages. EiA has been sending qualified native teachers from the UK to schools all-over Europe and Asia for 20 years. We deliver over 460 courses annually in many countries, such as Austria, Azerbaijan, Bulgaria, China, Croatia, Czech Republic, France, Germany, Hungary, Italy, Japan, Kazakhstan, Korea, Poland, Portugal, Russia, Slovenia, Spain, Switzerland, Taiwan and Turkey. We are also an EAQUALS accredited (www.eaquals.org) school.

Our Courses:

Our unique *English in Action* courses are designed to correspond to your students' CEF level. Our programmes provide up to 25 hours (6 x 50 minute lessons per day) of activity-based learning, project-work and an optional end of course presentation/concert. Each EiA student receives their own specific workbook as well as a folder, pen and certificate relevant to their CEF level.

In addition to our general English courses, we also deliver a range of specialised programmes including Matura, British Language and Culture, Business English and English for Tourism.

Lessons (each lesson lasts 45 or 50 minutes depending on your school timetable)

	Lessons 1-4	Lesson 5	Lesson 6
Sample Day	Communicative Lessons Students use our workbooks, which are relevant to the class CEF Level. Lessons reinforce previously learnt language and structures through oral communication activities and exercises.	Project Presentations Students work on developing a project to present on the final day.	Drama Workshop Students work towards an end of week English show or formal presentation.

Our Aims:

- improving students' fluency, pronunciation and accuracy
- developing natural communication skills
- activating students' passive knowledge of English by using previously studied language
- increasing confidence and motivation to learn English
- providing an inexpensive alternative to studying in the UK
- giving students an authentic British cultural experience

Our Teachers:

All EiA courses are taught by qualified native-speaker teachers of English, using the latest EFL methodology. They are flown directly from Britain and bring with them recent and relevant experience of British life and culture.
